

Public Assistance Applicant Briefing Announcement

EM-3590 Severe Winter Storm¹

Incident Period: December 23, 2022 and continuing

On December 26, 2022, the State of New York received an Emergency Declaration for Severe Winter Storm (FEMA-3590-EM) from President Biden for the damages caused by the December 23, 2022, storm in Western and North Central New York. The declaration authorizes Public Assistance for Category B Emergency Protective Measures. The Applicant Briefing provides an overview of the FEMA Public Assistance program and procedures necessary for eligible entities to apply for participation in EM-3590 and ultimately get reimbursed for eligible expenses. Eligible applicants include State and local governments and certain Private Non-Profit (PNP) organizations. Eligible PNPs may include hospitals, houses of worship and private non-profit schools.
